

Goosebumps Manor

This quarter in Kidspiration, we learned how to face our fears by visiting **Goosebumps Manor**.

Three months ago, we discovered that Master Gilroy Goosebumps was no longer with us. (You can see his picture to the right.) His great-grandson, Gary Goosebumps, along with his wife, Gloria Goosebumps and their children, Gretta & Goober Goosebumps, had to move into **Goosebumps Manor** to see if they could discover the **Secret of Goosebumps Manor**.

But, the **Secret of Goosebumps Manor** was hidden in the **Old Goosebumps Treasure Chest**, which was covered with chains and locks. The only way to remove the locks was to solve the 12 Bible Clues and to learn the 12 Bible Lessons about how to face your fears. Each time the Goosebumps family solved a Bible Clue, they were able to remove one of the locks and chains.

Luckily, the Goosebumps family received help from the servants and pets who lived at **Goosebumps Manor**. Binx the Butler, Matilda the Maid, Nagini the Giant Spider, and Spot the Fire-breathing Dragon were all on hand to help push them in the right direction.

During the quarter, the Goosebumps family learned the following Bible Lessons about how to face their fears. Each time they learned a Bible Lesson, one of the items in **Goosebumps Manor** would move or fly into the air.

In the end, the Goosebumps family discovered one last lock on the **Old Goosebumps Treasure Chest** that had no keyhole. They finally discovered how to open it. They had to repeat all 12 Bible Clues and the 12 Bible Lessons that they learned to help them face their fears.

When they did that, the lock flew off, and the **Old Goosebumps Treasure Chest** could be opened.

So, what was inside? First, they discovered that the **Secret of Goosebumps Manor** was **The Bible!**

The Bible will always help you when you are afraid, and it has lots of lessons that will help you face your fears.

But, there was also something else inside! **Master Gilroy Goosebumps** had been locked inside the **Old Goosebumps Treasure Chest** for the past 3 months. He had solved the 12 Bible Clues earlier while Binx the Butler and Matilda the Maid were away, and he had fallen inside.

But, who had put the chains back on the **Old Goosebumps Treasure Chest**, locking him inside? Perhaps there are other **Secrets of Goosebumps Manor**.

This quarter in Kidspiration has been so exciting that **"It Gives Me Goosebumps!"**
