Elders Blog - We arrived safely even though it rained the entire way.

We have great cabin accommodations in the mountains and participated in the Friday night worship with awesome singing and lesson. The theme is **Unashamed** and tonight focused on coming out of the darkness into the light. We need to be loving people as we are all imperfect. What a great lesson. Will provide more updates tomorrow. And what a great group of kids we have who behave so well, enjoy being together and have great attitudes. CYC stands for Challenge Youth Conference. I challenge everyone to spend time with these young people and you will be blessed. Have a great night.

Elders Blog - Interesting day. Started with rain, continued with rain and ended with rain. Good news is everyone is safe, and we had a good day. Started with massive breakfast from Chef Collins, a brief trip off the mountain for an activity and then we came back to the cabin during a break in the rain so we wouldn't get stuck. Had an awesome dinner

from Chef Collins while still getting to watch the CYC evening program on Facebook Live. Kids were troopers and had a great devo to finish the night. If all goes well, we will head to service in the morning and then home. We pray that all in Nashville are safe as well. God bless and have a great night. Enjoy a few pictures.

Elders Blog - Finally saw the sun!! Great day to end the conference with beautiful sunshine and worship service. Rough drive home with strong winds and tall vans but we made it back safely. Love these kids and so proud of them for serving and worshipping God this weekend. And thanks to Kory, Emilie, Rachel, Janet and Mark for all their work over the weekend. Until the next trip. Have a great day and remember the theme from the weekend - **Unashamed**.
