

Faithful Bible Investigators

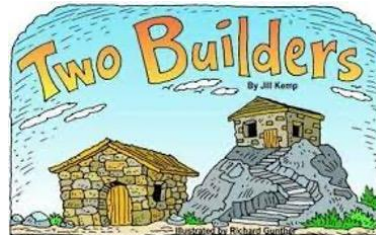

Last Quarter in Kidspiration, we followed Special Agent Ace Liberty and his assistant, Agent Slim Suvo, as they tried to solve The Case of the Mysterious Messages in Parables. Each week, they worked alongside their assistant, Ineda Clue, to study and find the meaning behind one of the parables of Jesus. Along the way, notorious Scripture Snatcher, Edmondo Worthaton, appeared and actually helped the team even though he had been in hiding and on the run for his crimes for years.

Through the course of the investigation, the team solved all of the parables, cleared Edmondo's name, and discovered that Agent Slim had a twin brother named Trim who had been causing all of the problems! After everything was cleared up, Agent Ace Liberty decided not to retire, and Director Rhodes agreed to let the team continue their work. The team and the kids all learned valuable lessons from the parables such as be merciful, rejoice, be prepared, help others, and be content. Everyone found the mysterious messages in the parables of Jesus!

“... the crowds were amazed at his teaching, because he taught as one who had authority, and not as their teachers of the law.”
