**In Search Of Truth Radio, Broadcasting The Gospel
Around The World!**

2017

James / Barbara Jones

Together We Are Bringing Christ To The World And The World To Christ

Continuous Number Of Baptisms 2,369

I know of no greater way to begin this News Letter, and this new year, than to **say thank you**, to all who have been so gracious in partnering with us in our efforts of helping reach the lost, of this world, with the Gospel, the saving message of the cross. No greater privilege has man ever known than to be involved in the greatest work on earth, that of serving the Lord, preaching and teaching His word. We count it such a wonderful privilege and blessing. The Lord truly blessed us in **2016** with so many great opportunities to serve Him through the means of radio, and television, and being associated with great servants such as those who helped in producing the programs, all those with whom we had the privilege to work, in Africa and other places around the world, and especially with each of you who made it all possible through your prayers and financial assistance. So again, we simply say, **Thank you!**

With the coming of the New Year, came also many additional opportunities and challenges as we look forward to greatly expanding the work, at World Mission Radio. To do so, will require additional funding. Therefore, we are asking for your help. Should you know of congregations or individuals that would have an interest in joining this work will you please contact them. We will be happy to meet with individuals or speak at congregations if you will assist us in this effort.

We are grateful for your continued prayers and fellowship with us financially that makes this work possible.

"The things that thou hast heard of me...commit thou to faithful men."

World Mission Radio Network International
Now Broadcasting To The Majority Of The World Population In English,
Spanish, Indonesian, Part Of China!
And Now!!!!!!!!!!!!!!
Another tremendous opportunity has come our way.

This time to broadcast in the countries of Albania, Macedonia, and Greece.

As many of you know, Barbara and I spent the greater part of five years in the country of Albania, in the Nineties. We now have the opportunity of re-entering the country, through the means of radio. This would be a 15min. weekly program at 9:00am each Lord's Day or perhaps on Saturday Evening. The people of Albania are very receptive to the Gospel and to my knowledge there is no radio program in the entire country by the Churches of Christ. This is a local FM station in the city of Korce, where we once lived. The broadcast would cover most all of Albania, parts of Macedonia, as well as Northern Greece, and other regions, at a

very affordable rate of only \$69.00 per broadcast. We continue to have good friends there and faithful brethren who would assist us with the follow-up. The program would be in English as it will cover different countries and most people speak English in addition to their native language. We are seeking support for this good work and trust that some congregation, or individual, will join us in helping make this a reality, for the salvation of lost souls. Only \$276.00 per month will cover the cost of air-time. It is our prayer that someone receiving this will also give prayerful consideration to this great opportunity and

take advantage of this means to reach untold thousands, with the Gospel, while we have opportunity to do so. **Will it be you?** Should you have questions, or desire additional information, please feel free to contact us.

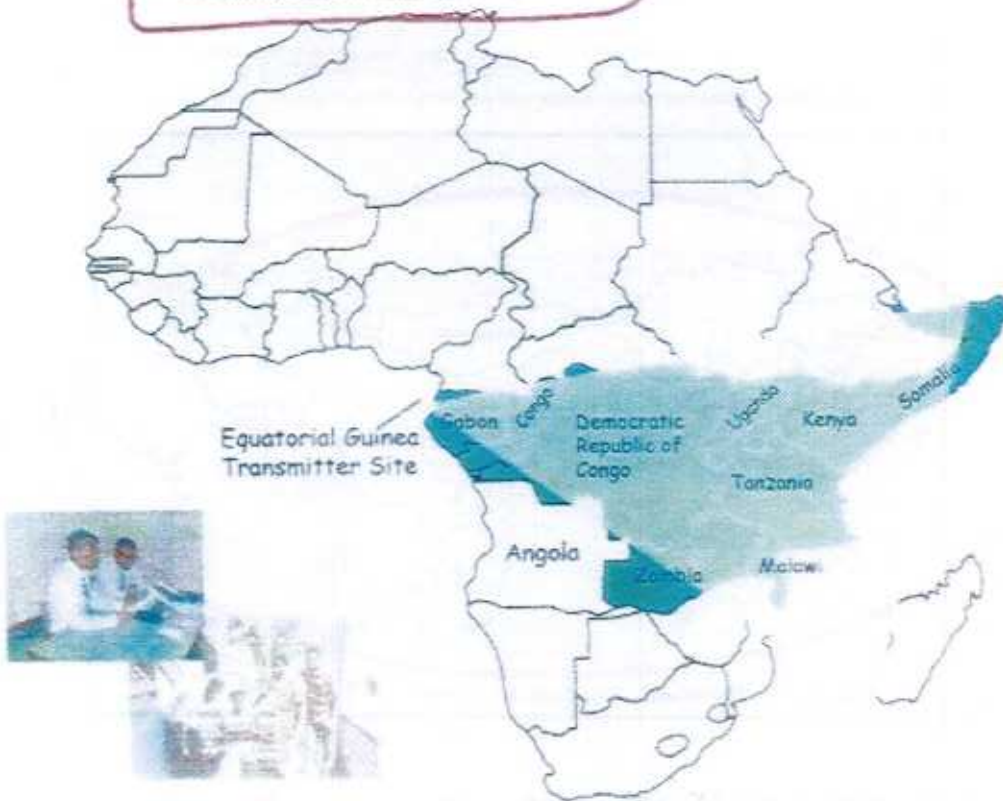

EAST AFRICA

Radio East Africa with the potential of reaching over 131 Million English speaking souls in five former British colonies plus over 99 million in neighboring countries giving you a potential audience of over 230 million! Radio East Africa offers you an exciting opportunity to share your Outreach with the people of eastern Africa, an area of the giant African continent where missionary radio is greatly needed. With the average illiteracy rate as high as 38%, radio is an absolute necessity if these courageous people are ever to know the spoken Word of God.

REACHING: Kenya, Uganda, Tanzania, Zambia, Malawi, Congo, Somalia, Burundi, Rwanda, Gabon, Equatorial Guinea

POWER: 50,000 Watts

Another 230 million potential listeners in five former English speaking British Colonies now have the opportunity of hearing the Gospel presented each week by World Mission Radio. Response has been great and listeners are responding to the programs, requesting materials in order to be taught additional truths from God's Holy Word. Africa, has always been a very receptive area and we are grateful to report that untold thousands are listening and multitudes no doubt will be saved eternally, because of this effort. We have dedicated brethren in each of these countries who are willing to assist in the follow-up after we have replied by mailing correspondence to listeners who responded. Through the means of radio, and the follow-up program, many denominational preachers have been converted and many of their members also have been converted. Local brethren continue to teach and encourage the new converts resulting in a great percentage of new members remaining faithful,

As you can see from the following map, by this one program alone, we are broadcasting to over 1/2 of the world population, of Seven Billion. You are a great part of this effort and only eternity will tell the great good being done and the countless souls that will be saved because of your commitment of carrying out the Great Commission. Each of us here at World Mission Radio is committed to preaching the pure Gospel of Christ (I Cor. 2:2) that contains the power of God unto salvation. (Rom. 1:16-17) Every missionary, and congregations of the Lord Church in all of these areas of the world need to be informed of the programs that they too can benefit from listening. Also, it is a wonderful tool for missionaries to use in helping reach the lost .

Power: 100,000 watts Transmitter Location: **Now broadcasting from Palau!**

Reaching: India, China, Philippines, Indonesia, Japan, Korea, and the South Pacific Islands

Other countries you will minister to via this phenomenal Outreach...

- Bangladesh
- Blutan
- Cambodia
- Hong Kong
- Laos
- Melanesia
- Micronesia
- Myanmar
- Nepal
- Philippines
- Polynesia
- Thailand

Mt. Sinai Bible Camp/Christian Academy Report

Brother Richard reports that all continues to go well at Mt. Sinai Bible Camp/ Academy and enrollment at school continues about the same. However, we were saddened to learn that some of our teachers did not return to teach again this year as they were offered a much greater paying position with the government run school.

The weather has been extremely hot in E. Africa for some time now, causing a severe draught. Our people have really suffered at the camp and school due to the lack of water. We usually try to have water brought from town during the extreme dry seasons, however due to the lack of funds we were just unable to do so this time. It usually cost about \$150.00 for on tank of about 6,000 gallons. We also had a report from another brother in N. Western Kenya of church members without food and water and livestock dying due to the lack of rain.

Yours because of Calvary,
James E. Jones
