The Faith Awakens

Learn to be a Bible Jedi

Last Quarter in Kidspiration, we learned how to be a good Bible Jedi from Sue Skywalker and her friends. Han Solo, Rey, and Finn were Bible Jedi in training, and our children learned the lessons with them. The Jedi in training learned the importance of knowing their Bible, especially when facing a threat like Darth Vader! Sue trained these young Jedi to know the stories in the book of Acts about how the gospel was spread all over the known world. Each week, we learned how we could use the same skills to spread the Gospel all over the GALAXY!

During the quarter, the trainees had to face a challenge each week. Sue Skywalker, along with Obi-Wan Kenobi, was always able to provide a story from the book of Acts to help. We learned about the Day of Pentecost and what it takes to join “The Faith”. We studied Stephen and learned that he was willing to teach anyone about Jesus. We learned to be an encourager, like Barnabas, and a helper, like Timothy.

We spent a lot of time studying Paul and his missionary journeys to spread the gospel to everyone!

Overall, we learned that it is our job to teach others about Jesus!

Our Memory Verse was Hebrews 11:6.

“And without faith it is impossible to please him, for whoever would draw near to God must believe that he exists...”

We studied many stories in Acts where God’s people shared the Gospel and helped to grow the Faith!
